Overview:

New and evolving debt capital market funding options hold particular promise for the Middle East as its economies seek to diversify and lower their carbon emissions.

- *What are transition use of proceeds bonds and sustainability linked bonds (SLBs)?*
- *Should those in non-green spaces employ transition use of proceeds bonds or SLBs?*
- *Which sectors are suitable for transition and SLB bonds?*
- *Selecting partners, markets and structures.*
- *Who are the investors and what are they looking for?*

The event is complimentary for GBSA members and official guests, though registration is required. Non-members may apply for a place by [clicking here](#).

This is a non-press event. The Chatham House rule will strictly apply.

Questions will be addressed during the webinar. We invite you to submit yours in advance to events@gulfbondsukuk.org
